

ANDROGEN EXCESS AND POLYCYSTIC OVARY SYNDROME SOCIETY

(FORMERLY THE 'ANDROGEN EXCESS SOCIETY')

4TH SPECIAL SCIENTIFIC MEETING

"OVARIAN AND ADIPOSE TISSUE DYSFUNCTION: POTENTIAL ROLES IN PCOS"

JUNE 14, 2008

**THE WESTIN SAN FRANCISCO MARKET STREET • SAN
FRANCISCO, CALIFORNIA, USA**

*(IMMEDIATELY PRECEDING THE ENDOCRINE SOCIETY'S 90TH ANNUAL
MEETING)*

This Special Scientific Meeting is sponsored by the Androgen Excess and PCOS Society and will focus on the ovarian and adipose tissue dysfunction of PCOS and related disorders. For registration, program information, and abstract submissions and deadlines, please visit www.ae-society.org or contact info@ae-society.org.

The AE-PCOS Special Scientific Meeting will be held in conjunction with the ENDO 90th Annual Meeting, providing an opportunity for networking and collaborating with more than 6,000 colleagues from around the world.

We invite you to submit an abstract of your original research on the topics of ovarian or adipose tissue physiology, pathophysiology, and/or their role in PCOS to be considered for presentation at the AE-PCOS Scientific 2008 Meeting

For additional information on the program, abstract submission and the AE-PCOS Society contact:
